HONORING THE 20TH ANNIVERSARY OF FANELLO INDUSTRIES IN LAVONIA

HON. DOUG COLLINS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 21, 2017

Mr. COLLINS of Georgia. Mr. Speaker, I rise today to congratulate my friends at Fanello Industries in Lavonia on their 20-year anniversary.

Established in 1998, this company has supported businesses across various industries by providing them with stamped metal blanks and other assemblies that play a major role in production.

When the company's founder, Vince Fanello, first opened his business in northeast Georgia, he understood that he was making a major commitment. Like many other companies, Fanello Industries began small and grew over time as a result of determination and diligence.

By the time the company reached its fifth year, it expanded to include multiple assembly lines and utilized 100,000 square feet of space to house its tools and employees.

Oftentimes, we forget the leap of faith that many people take when starting a business. For most business owners, passing the one-year milestone without succumbing to the defeats that come with a running business is a major accomplishment.

Many small business owners, like Mr. Fanello, are providing jobs that don't require a 4-year degree to people. When I met with Mr. Fanello, he stressed the need for welders in his industry and highlighted his efforts in reaching out to the state prison system to provide work to recently released inmates so that they can build the skills needed for welding.

My friends at Fanello Industries can look back at what they've built with pride—remembering that they persevered throughout their 20-year operation. I congratulate them and look forward to their continued success.

RECOGNIZING KEISER UNIVERSITY

HON. DANIEL WEBSTER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 21, 2017

Mr. WEBSTER of Florida. Mr. Speaker, I rise today to recognize Keiser University for their accomplishments and their example for how a private university should operate and serve their community. For 40 years, Keiser University has equipped thousands of students to achieve success in our ever-changing economy. It is through institutions like Keiser that students across America and around the world have access to a variety of educational choices ranging from associate to doctoral degree programs.

An overwhelming sixty-six percent of Keiser graduates complete their degrees in the fields of Science, Technology, Engineering, and Mathematics (STEM). With unwavering persistence, I continue to support STEM, and am very pleased to celebrate the impressive milestone of this educational institution. In the past 10 years, Keiser University produced more than 33,800 graduates with associate degrees in a wide variety of in-demand working fields. With access to skilled workers on the decline, it is imperative that Congress works together with states to better prepare our workforce of tomorrow. I am pleased to witness Keiser's success, and wish them many more years of prosperity.

I applaud Keiser's faculty, staff, and students for their achievements and for their ongoing commitment to equipping our next generation to be leaders and achieve their dreams.

THE FAILURE TO PASS THE DREAM ACT

HON. LUCILLE ROYBAL-ALLARD

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 21, 2017

Ms. ROYBAL-ALLARD. Mr. Speaker, the president's anti-immigrant rhetoric and policies have jeopardized the future of immigrant parents and their children all across America.

This tragedy is most immediately true for Dreamers impacted by the President's ending the DACA program.

While Congress can act to protect Dreamers, Speaker RYAN and the Republican leadership have ignored the wishes of the majority of Americans and turned a deaf ear to this crisis by sending us home without voting to protect our nation's Dreamers.

Those who voted for the spending bill without the passage of the Dream Act, have in effect voted for the deportation of Dreamers.

Republicans who say it is okay to wait until next year to protect Dreamers are misleading the American people.

The fact is that since the President eliminated the DACA program in September, more than 13,000 Dreamers have already lost their work permits and deportation protections. And the fact is that an additional 122 Dreamers are losing their DACA protections every day.

They are students and professionals such as doctors, nurses, teachers, scientists and social workers. They are members of our military and parents who play a critical role in the wellbeing and future of our American society. Dreamers strengthen our economy, protect our country and enhance the quality of life in our communities and across our nation.

It is unconscionable that Speaker RYAN and the Republican leadership refused to bring the Dream Act for a vote before we recessed for the holidays.

It is impossible to understand how in good conscience the Republicans could go home to celebrate their religious beliefs and ideals knowing their lack of action is not only shattering the security and unity of families but creating a traumatized generation of children. How is that loving your neighbor as yourself?

School teachers in my district tell me many of their students are so consumed with fear of
